## Personal summary

---

### **A highly experienced freelance Frontend Engineer.**

Since moving from Copenhagen to Berlin in 2010, Christian has worked on a wide range of exciting projects and campaigns for a variety of industry-leading digital agencies. He has hereby gained experience with all stages of the development cycle for dynamic web projects and acquired a flair for professional, constructive, and creative collaboration in small as well as large teams. A natural problem solver with a taste for details and a passion for innovative fresh ideas.

## Core skills

---

- **TypeScript, JavaScript, HTML and CSS (Sass)**
- **frameworks/libs:** Vue, Nuxt, Pinia, React, Next, Redux, React Testing Library, Jest, Tailwind CSS, Bootstrap, UI Component Libraries (React Styled Components, Material UI, Shadcn UI, Radix, PrimeVue), etc.
- **tools:** Git (Github, GitLab), REST, GraphQL, Docker, Swagger, AI tools (Cursor, v0), Linters, Formatters, Bundlers, Build tools, etc.

- **development for (headless) CMS systems:** AEM, Liferay, Pimcore, Directus, etc.
- **clean semantic/structured code and design patterns**
- **agile team collaboration:** Scrum, Atlassian products (Jira, Confluence, etc.), Azure DevOps, CI/CD, Code review, Figma, Sketch, Slack, Teams, etc.
